Aimed at: IOSH Managing Safely is for managers and supervisors in any sector or organisation. It is designed to get managers up to speed on the practical actions they need to take to handle health and safety within their teams.

What will I get out of it?

- What you need to know about managing safely – and are perhaps reluctant to learn about – in a refreshingly informal way.
- The Managing Safely course won't turn you into a safety expert – but will give you're the knowledge and tools to tackle the health and safety issues you are responsible for.

Managing Safely course content:

- Introducing managing safety
- Assessing risks
- Controlling risks
- Understanding your responsibilities
- Identifying hazards
- Investigating accidents and incidents
- Measuring performance
- Protecting our environment

Outcome: On successful completion of this course participants are awarded the nationally recognised and respected **IOSH** certificate

Duration: 4 Days

Version 2: 08/2011
